## Quality Care For All People

The differentiation between Clarke and other homecare services starts with our fundamental belief in the power of true companionship.

We place high emphasis on cultivating strong relationships with every client because it is important that they feel not just “cared for” but also “cared about”. Quality service starts with putting our clients first.

### Steps to become a client

#### Private Pay Client

-  Contact Clarke Community Care to discuss need for potential services.
- 
-  The Clarke Community Care nurse will assess client to formulate Plan of Care.
- 
-  Finalize contract for services to be provided and rates.

#### Community Alternative Program (CAP) Client

-  Client should contact their Case Manager to request services from Clarke Community Care.
- 
-  Case Manager sends authorization for services to Clarke Community Care services.
- 
-  Upon completion of assessment, the Clarke Community Care nurse will assess client to formulate Plan of Care.

#### Medicaid Recipient Client

-  Client should take referral request form to Primary Care Provider (PCP) for completion.
- 
-  Have PCP to fax referral request to Liberty Healthcare for personal care services.
- 
-  Liberty Healthcare nurse will contact client for nurse assessment.
- 
-  Upon completion of assessment the Clarke Community Care nurse will assess client to formulate Plan of Care.

#### Veteran Client

-  Contact Clarke Community Care to discuss need for potential services.
- 
-  Contact Your Primary Veteran Physician for Program Qualifications.
- 
-  Upon completion of assessment the Clarke Community Care nurse will assess client to formulate Plan of Care.
